SUPPLEMENTAL
INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with the provisions of 37 C.F.R. Sections 1.97 and 1.98, applicants and their attorney respectfully request that European Patent Publication No. EP 0437342, a copy of which is attached hereto, be made of record in the official United States Patent and Trademark Office file relating to the above-identified application. The citation of the foregoing reference should not be construed as an admission that it constitutes statutory prior art with respect to the present invention.

European Patent Publication No. EP 0437342 was cited in the European Search Report issued in connection with applicants' corresponding European application (i.e., EP 02079410). With reference to the attached copy of the European Search Report, applicants note that U.S. Patent No. 5,045,233 and European Patent Publication No. EP 0323244 have already been cited in the Office Action of March 4, 2003. The attached copy of the European Search Report provides an indication as to the relevance of the references listed therein. More particularly,

the European Search Report assigned a category "Y" designation (i.e., a document of particular relevance if combined with another document of the same category) to European Pat. Publ. No. EP 0323244 and U.S. Patent No. 5,045,233. A category "A" designation (i.e., a document defining technological background which is not considered to be of particular relevance) was assigned to European Pat. Publ. No. EP 0437342 cited therein. In the foregoing circumstances, no additional comments regarding their relevance to the present application are deemed necessary.

In order to facilitate the Examiner's citation of European Pat. Publ. No. EP 0437342 listed above, applicants' attorneys have completed USPTO Form PTO-1449. The completed Form is attached hereto for the Examiner's convenience.

Although this Supplemental Information Disclosure Statement is being submitted after mailing of a first Office Action on the merits and before a final Office Action, each item of information contained in this Supplemental Information Disclosure Statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Supplemental Information Disclosure Statement. In the foregoing circumstances, it is believed that no fees are due in connection with the submission of this Supplemental Information Disclosure Statement. However, if any such fees are due, including extension and petition fees, the Examiner is hereby authorized to charge them to Deposit Account No. 19-1218.

Respectfully submitted,

SELITTO, BEHR & KIM
